

Nightly Menorah Lighting

**in the Parnassus Meditation Room
December 8 – 15, 2012
4:45 – 5:00 p.m.**

Patients, their loved ones, and staff of all backgrounds are invited to attend a brief lighting of the electric menorah in the Meditation Room on each of the eight nights of Hanukkah.

A chaplain from Spiritual Care Services will “light” the electric menorah and offer a brief inclusive blessing and reflection related to healing and bringing light into the dark season of winter. Rabbi Elliot Kukla from the Bay Area Jewish Healing Center will be present for the lighting on Tuesday, December 11th.

Chaplains and our Music is Good Medicine volunteers are available to bring celebratory items and sing Hanukkah songs at the bedside. Jewish chaplains are also available upon request.
